

Dear customers, this is how to find us.

Drive into the driveway where you will see the *Delvino Weinloft* sign. There you will find parking lots and bicycle racks.

The parking lots where you can park are marked on the picture below - please use them if you come to us by car.

As you drive into the driveway, you will see a raised white door with steps on your right. Next to it is another **white door** with our Komunariko sign.

You must enter this door and then take the stairs to the 1st floor. There you will find a door with our Komunariko sign next to it. Simply go through that door.

You will then see a wardrobe to your left. Walk past it towards the conference room with the glass front.

To the left of the glass front is a **white double door** that leads to our office.
